

1.2.1:

Percentage of new courses introduced of the total number of courses across all Programmes offered during the last five years:

Year	Number of new courses			
	Int MscIT (actual/total)	MscIT (actual/total)	MCA (actual/total)	BCA (actual/total)
2015	17/52	17/35	NA	NA
2016	19/50	7/20	0/30	0/28
2017	0/50	0/20	16/30	7/28
2018	0/50	0/20	0/30	0/28
2019	19/55	13/23	11/31	NA

Formula:

(Number of new courses introduced during the last five years /Number of courses offered during the last five years) * 100

$$= \{(17+17+19+7+16+7+19+13+11) / (580)\} * 100$$

$$= 21.72$$
